

```
GHCi, version 9.4.7: https://www.haskell.org/ghc/  :?
for help
ghci> length '3'
```

```
<interactive>:1:8: error:
```

- Couldn't match expected type 't0 a0' with actual type 'Char'
- In the first argument of 'length', namely ''3''
In the expression: length '3'
In an equation for 'it': it = length '3'

Couldn't match expected type

with actual type

In the first argument of **length**, namely **'3'**

In the expression: length '3'

In an equation for 'it': it = length '3'

length

Foldable

'3'
